

Eligibility for Sports at Harden Middle School

Student Athletes at Harden are held to a higher standard. All of our athletes represent our school community on and off the field. For this reason, each student athlete must maintain the following:

No more than one “F” in their classes at Harden.

No more than one “U” for any citizenship grade in their classes at Harden.

In addition, each student wishing to participate in after school sports is required to attend one Drug and Alcohol Free Contract signing each year along with a parent and to complete and sign the contract. Each student must also complete an eligibility packet that contains proof of medical insurance. If any student does not have proof of insurance, supplemental insurance is available to purchase through a private company. Information is available at the school site.
